She has worked with elders, adults, couples and teens as they have transitioned throughout their life span. Her approach is eclectic, integrative, and strength based, viewing therapy working best when it can be focused and tailored to each unique individual while recognizing the importance and value of diversity. Phase of life concerns, living with illness, unresolved grief and loss, anxiety, depression, relationship issues and personal growth are a few of her focal areas. She strives to create a secure, caring, and collaborative relationship so therapy can be a place one feels fully heard, understood, and respected, all conducive to new insights, growth and change.

Lynn Sommer, M.Ed., L.P.C.

Lynn is a Licensed Professional Counselor who received her Masters in Counseling from West Chester University in 2004. She has 23 years of experience as a special educator, teaching all ages and all disabilities, prior to providing interventions as a School Counselor. She has expertise in behavioral interventions and the group process with children and adolescents. Her humanistic approach to counseling incorporates psychodynamic, solution focused and cognitive behavioral interventions. She enjoys weaving art and play therapy into the therapeutic process. Lynn works with children, adolescents and young adults who are experiencing anxiety, depression, grief and loss, learning challenges, stress management issues, ADHD, anger management issues and with children experiencing blended families. She enjoys helping young adults and children build resiliency and self-advocacy skills.

Wendy Stivers, M.A., L.P.C.

Wendy is a Licensed Professional Counselor with a Master's Degree in Professional Counseling from Liberty University. She has worked with adolescents, adults and couples in various settings. Wendy previously led a support group for women whose partners had been unfaithful. Areas of specialty include relational issues, communication, grief and trauma, anxiety, and navigating life transitions. Wendy sees counseling as a collaborative process of exploring the conflicts, patterns and beliefs that prevent healing and growth. She utilizes a client-centered, strengths-based approach to counseling that focuses on each person's unique experiences and journey. Wendy will integrate clients' individual faith and beliefs into each session to support the desired counseling experience.
